

# SAUTER *Feinmechanik GmbH*

## CERTIFICATION OF TRAINING

We hereby attest Mr. Tomáš Židek  
the participation in a training course at SAUTER FEINMECHANIK GmbH

on SAUTER TOOL TURRETS TYPE 05.390.0... / 0.5.480.5... / 0.5.450.2...

Aquired knowledge

- Mechanical:** - Dismantling/Re-assembly the turret  
 - Function  
 - Adjustment procedures  
 - Wear parts  
 - Replacement of Spare parts

- Electrical:** - How to set an encoder  
 - Setting of proximity switch  
 - Gearchange and Control  
 - Functional Diagram and Wiring Layout  
 Flow Chart  
 - Replacement of electrical components fitted on the Turret

Working steps in practical operation

- Trouble-shooting  
Elimination from permanent/sporadic malfunctions  
Encircling faults
- Information about endangered parts in case of collision during locked / unlocked position

The training was realized during 1 day(s) for 1 Tool Turret, on SAUTER training Turrets. The training went ahead by a SAUTER technician. Drawings and operation manuals have been presented to the participant. The obtained Know-how allows Tomáš Židek to be of sovereign assistance, now. Long-termed breakdowns of the products in charge can surely be avoided by means of this course.

Good luck and further good cooperations !

Sincerely yours  
SAUTER FEINMECHANIK GmbH
